

Saint Stephen HEART

Home-based Emergency Assistance Response Team

The St. Stephen's H.E.A.R.T. program is designed to lend a helping hand to anyone in need of assistance due to physical limitations, sickness, age, family size or housing adequacy. It will help participants preparing for a natural disaster or recovering from the aftermath of one.

The H.E.A.R.T. program will assist victims of any disaster who have urgent needs that have not been met through traditional recovery programs and will help coordinate and provide access to resources at the local level utilizing organizational structure of local member agencies under the Seminole County H.E.A.R.T. group.

If you would like some assistance from the St. Stephen's H.E.A.R.T program or know of someone who might benefit from it, please, fill out the **Participant form**, return it to the office and someone will contact you.

If you are interested in joining the program as a **volunteer**, please fill out the volunteer registration form and e-mail it to gbaker6335@cfl.rr.com, mramsey61@gmail.com and mabeilenson@aol.com
